Combination preparation tool (Universal Trimming Tool), CELLFLEX® Cable 1 5/8" for connector family OMNI FIT Premium D01

This special trimming tool improves the cable preparation prior to connector attachment. No further tools are required to prepare the cable for the connector attachment. This is due to the unique design of the trimming tool, which combines all necessary functions in one tool. It can be used for CELLFLEX® LCF158-50 foam dielectric cables in combination with the OMNI FIT Premium connector family D01.

The Universal Trimming Tool Series offers the additional advantage to be convertible to different connector families and cable types and sizes (CELLFLEX® cables and RADIAFLEX® cables 1 1/4" and 1 5/8") only by changing the inserts. Different inserts are available as optional items, for references see below or contact your RFS sales contact.

FEATURES / BENEFITS

- Θ **Universal Trimming Tool concept** One basic tool can be used for cable sizes 1 1/4" and 1 5/8" only by changing the insert
- Θ Precision cable preparation tool Always exact and repeatable trimming dimensions.
- Θ Intuitive use of tool Easy and precise preparation of cables for connector installation.
- Long-lasting cutting blades Θ Easy to clean, smooth dielectric surface improves IM performance.
