

## Cable Markers: POK 10 Cable Markers and the POH Range of Carrier Strips

### Product Overview

- For larger diameters the POK10 marker is used in conjunction with the POH carrier strip which means that any size of cable or pipe can be marked
- Specially designed oval profile enables the POK10 marker to be easily fitted to cables or pipes
- The POK10's shape also means that the marker maintains its position when fitted
- Designed for electrical, pneumatic, hydraulic etc. applications
- Designed to interlock when fitted enabling easy alignment of multiple character markings
- Suitable for cable diameters up to 7.0mm (cable size 4.0-6.0mm<sup>2</sup>)

POK10 Cable Markers	
Part Number	Packaging
POK10	500 piece compactdisc available in yellow

Carrier Strip – POH Range			
Part Number	Description	Packaging	Material
